### **Howard L. Siegel, Chair of Brown Rudnick's Climate & Energy Group, Presents at 2010 Wall Street Green Trading Summit**

**Boston, MA, March 22, 2010** – Brown Rudnick, an international law firm, today announced that **Howard L. Siegel**, Chair of Brown Rudnick's Climate & Energy Group and a member of the Firm's Cleantech Team, will present at the 2010 Wall Street Green Trading Summit. The 9th annual event will take place March 23 – 24 at The Times Center, New York. Mr. Siegel's presentation will focus on "Renewable Project Finance."

The Wall Street Green Trading Summit is the longest running and most comprehensive environmental market event in the industry. Launched in 2002 by Peter Fusaro, The Wall Street Green Trading Summit covers cutting edge content, industry developments and features the practitioners and the leaders of tomorrow. The Wall Street Green Trading Summit VIII is the "one-stop shop" to come up to speed on the latest developments in Green Trading and Finance.

### **About Brown Rudnick's Climate & Energy Group**

Brown Rudnick's Climate & Energy Group is comprised of an interdisciplinary team of attorneys and professionals who specialize in matters involving renewable energy project development and finance, emissions reduction schemes, cleantech and alternative energy sources.

By combining seasoned professionals across a spectrum of related disciplines -- energy and environmental law, project and structured finance, regulatory compliance, U.S., Kyoto Protocol and EU emissions trading regimes, renewable energy, intellectual property, venture capital, and government law & strategies -- the team is able to provide fully integrated solutions to participants in the growing carbon and renewable marketplace. Brown Rudnick also brings to bear its industry knowledge and perspective to help investors, entrepreneurs, developers and service providers in the cleantech sector.

Working with consultants, project developers, energy finance, trading and investment specialists and equipment suppliers, Brown Rudnick advises on project development and finance, renewable portfolio standards, risk management, and regulatory and financial aspects of emissions trading schemes. In addition, the Group formulates innovative strategies and creates structured products, derivatives and financing programs in the alternative energy and climate change space that are both cutting edge and commercially
